Dear Mr. Page:

**Subject: New Products Evaluation Committee Action on Commercial Fabrics'
"C-P.O.P." NPE #0710-1**

The New Products Evaluation Committee considered the subject product during its February 21, 2008 meeting. The Committee recommended that the Department classify the subject product as "Accepted" at this time for use on Department Construction and Maintenance Projects as an alternate to Type C Silt Fence. Classifying a product as accepted does not obligate the Department to use or specify the product. Use of the product is limited to the application for which it is intended.

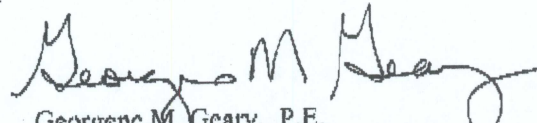

If you have any questions concerning this matter, feel free to contact:

Brad Young at (404) 363-7560 or
